

AMENDMENTS TO THE DRAWINGS

The attached sheets of drawings include new Figures 9-12. These sheets are to be added to the original sheets containing Figures 1-8. Figures 9-12 were contained in an “Appendix” section of the original specification, previously named Figure 1.1, Figure 1.2, Figure 1.3 and Figure 2.1.

Attachments: New Sheets

REMARKS

Applicant requests that the Examiner enter the amendment prior to issuing the patent. The specification has been amended to correct informalities, in particular, to extract Figures 1.1, 1.2, 1.3 and 2.1 previously incorporated into the specification and present these figures as formal drawings. In addition, the section previously labeled "Appendix" that was actually incorporated into the specification has been renamed. These changes are clearly shown in the marked-up copy of the specification. A substitute specification with changes incorporated is also attached. Applicant submits that the substitute specification does not introduce new matter.

Entry of the amendments and issuance of the patent is respectfully requested.
